Award amount max: DKK 2,000,000.00

Summary text: This supports research related to cerebral palsy and medical, educational, therapeutic, social and other research, as well as the practical implementation of research results aiming to improving the health and living conditions of people with disabilities. Funding is worth up to DKK 2 million for up to two years.

Website: <http://elsassfonden.dk/fonden/ansogninger/forskningsansoegninger/>

Identify obstacles to vaccination of physical, practical or administrative nature and develop recommendations

Primary funder name: European Health and Digital Executive Agency

Closing date: 04 Mar 22

Award amount max: EUR 5,250,000.00

Summary text: Tenderers will identify obstacles to vaccination of physical, practical or administrative nature and develop recommendations. The contract is worth €5.2 million over three years.

Website: <https://ted.europa.eu/udl?uri=TED:NOTICE:13100-2022:TEXT:EN:HTML&src=0>

Research grants

Primary funder name: LEO Foundation | LEO Fondet

Deadline information: Applications due by 12pm CET. Deadlines on: 7 March 2022, 21 June 2022, 4 September 2022.

Award amount max: -

Summary text: These support dermatological research projects worldwide.

Website: <https://leo-foundation.org/en/grants-and-awards/research-grants/>

Data science investigator – distinguished

Primary funder name: Novo Nordisk Foundation | Novo Nordisk Fonden

Deadline information: Applications due by 2pm CET. This call is repeated once a year.

Award amount max: DKK 10,000,000.00

Summary text: These enable academic leaders to work on projects within data science. Grants are worth up to DKK 10 million each over five years.

Website: <https://novonordiskfonden.dk/da/grants/data-science-investigator-distinguished-2021/>

Data science investigator – emerging

Primary funder name: Novo Nordisk Foundation | Novo Nordisk Fonden

Deadline information: Applications due by 2pm CET. This call is repeated once a year.

Award amount max: DKK 10,000,000.00

Summary text: These enable promising starting group leaders to work on projects within data science. Grants are worth up to DKK 10 million each over five years.

Website: <https://novonordiskfonden.dk/da/grants/data-science-investigator-emerging-2021/>

Data science investigator – ascending

Primary funder name: Novo Nordisk Foundation | Novo Nordisk Fonden

Deadline information: We have no information from the funder yet about the next call. Based on past experience, we forecast the deadline to be around March 2022. Applications due by 2pm CET. This call is repeated once a year.

Large DKK 1 mio +, prestigious funds || Medium DKK 300.000 – 1 mio. || Small below DKK 300.000

Award amount max: DKK 10,000,000.00

Summary text: These enable associate professors to work on projects within data science. Grants are worth up to DKK 10 million each over five years.

Website: <https://novonordiskfonden.dk/da/grants/data-science-investigator-ascending-2022/>

Call for transnational research projects on cerebrovascular diseases including small vessel and brain barrier dysfunction

Primary funder name: ERA-Net Neuron II

Deadline information: Pre-proposals due by 2pm CET, 8 March 2022; full proposals due by 2pm CEST, 28 June 2022.

Award amount max: -

Summary text: This aims to facilitate multinational, collaborative research projects that address translational questions in the areas of stroke and other cerebrovascular diseases including small vessels disease and the dysfunction of brain barriers. The total budget is approximately €15.7 million and projects may last for three years.

Website: <https://www.neuron-eranet.eu/joint-calls/bio-medical/2022-cerebrovascular-diseases/>

COMING SOON: Medicine and treatment funding pool

Primary funder name: Danish Regions | Danske Regioner

Deadline information: TBD

Award amount max: -

Summary text: The next call is expected to open on 15 February 2022. The following information is subject to change. This supports research that helps to ensure that patients receive effective medication with as few side effects as possible, while at the same time allowing society to save on unnecessary expenses for medication. The total budget is worth DKK 20 million. ***

Website: <https://www.regioner.dk/services/nyheder/2021/januar/20-mio-kr-til-uafhaengig-regional-forskning>

Pioneer innovator grants

Primary funder name: Novo Nordisk Foundation | Novo Nordisk Fonden

Deadline information: Applications due by 2pm.

Award amount max: DKK 1,000,000.00

Summary text: These support application-oriented research within the life sciences and to stimulate the evaluation of ideas that may lead to the development of new medical treatment, disease prevention, diagnostic methods as well as new health technologies, devices and technological platforms benefiting people and the society. Grants are worth up to DKK 1 million each for 12 months.

Website: <https://novonordiskfonden.dk/da/grants/pioneer-innovator-grant-2/>

[COMING SOON: Nordic cooperation between organisations for people with disabilities – strategic initiatives or projects](#)

Primary funder name: Nordic Council of Ministers | Norden

Deadline information: Applications are invited between 31 January and 11 March 2022. This call is repeated once a year.

Award amount max: SEK 500,000.00

Summary text: The next call is expected to open on 31 January and close on 11 March 2022. The following information is subject to change. These support strategic initiatives and projects in the form of partnerships between organisations of people with disabilities from the Nordic countries, the Baltic states or northwest Russia. ***

Website: <https://nordicwelfare.org/en/disability-issues/the-funding-scheme/>

[EIT Health – wild card programme](#)

Primary funder name: European Institute of Innovation and Technology

Deadline information: Applications due by 11.59pm CET.

Award amount max: EUR 1,500,000.00

Summary text: This creates healthcare and life sciences companies that hold the potential to transform healthcare. Up to two teams are supported with up to €1.5 million each over two years, as well as mentoring and coaching.

Website: <https://eit.europa.eu/our-activities/opportunities/eit-health-wild-card-2022>

[EIT Health – Bridgehead](#)

Primary funder name: European Institute of Innovation and Technology

Deadline information: This call is repeated 2 times a year.

Award amount max: EUR 40,000.00

Summary text: This brings together health entrepreneurs who want to grow their business beyond their home market with incubators and accelerators who have resources to make it happen. Grants are worth up to €40,000 each.

Website: <https://eithealth.eu/bridgehead/>

[EIT Health – pharma start-up accelerator](#)

Primary funder name: European Institute of Innovation and Technology

Deadline information: This call is repeated once a year.

Award amount max: -

Summary text: This enables start-ups with innovative healthcare solutions to participate in a tailored training programme and access business development opportunities. The programme consists of four different modules that provide start-ups with one-on-one access to industry executives at pharmaceutical companies through pitch sessions, value proposition development and partnership exploration, tailored coaching and corporate insights.

Website: <https://eithealth.eu/project/start-ups-meet-pharma/>

Fondsstøtte – øvrige ansøgninger

Primary funder name: Health Insurance Foundation | Helsefonden

Closing date: 15 Mar 22

Deadline information: Applications due by 2pm. This call is repeated 2 times a year.

Summary text: Disse støtter forskning, forsøg og udvikling inden for det sociale og sundhedsmæssige område. Støtten har typisk en værdi af mellem DKK 100,000 og DKK 400,000.

Website: <https://helsefonden.dk/ovrige>

Research funding

Primary funder name: Jascha Foundation | Jascha Fonden

Deadline information: Deadlines on: 15 March 2022, and repeated annually.

Award amount max: -

Summary text: This supports research into Parkinson's disease, multiple sclerosis and muscular dystrophy.

Website: <https://jaschafonden.dk/vejledning/forskning/>

Desirée and Niels Yde's Foundation – a Danish-Swiss Foundation

Primary funder name: Danish Medical Association | Lægeforeningen

Deadline information: This call is repeated once a year.

Award amount max: -

Summary text: This supports variable priority areas within medical science, the priority area in 2022 is the cellular and molecular mechanisms of cancer development and progression. The total budget is worth DKK 1 million to support one or more applicants.

Website: <https://www.laeger.dk/desiree-og-niels-ydes-fond>

Open call for PhD scholarships

Primary funder name: Novo Nordisk Foundation | Novo Nordisk Fonden

Deadline information: Applications due by 23:59 UTC.

Award amount max: DKK 1,800,000.00

Summary text: This supports young data scientists to develop their own research projects with the assistance of a supervisor from a Danish university. Ten grants are available at a fixed amount of DKK 1.800.000 plus 5% administrative costs, expected to cover three years of salary, tuition fee, external stay as well as relevant travel and operational costs.

Website: <https://ddsa.dk/open-calls/open-call-for-phd-scholarships/>
